More Information: chair@friendsofdonnelly.org.au or 0434 350 183

Have you been back to the Donnelly lately? Now a thriving holiday place, it still holds memories of its lively past as a working timber town. Share a guided walk and many stories with our ex-resident guides as we walk around the Donnelly River Village, built to house the workers at the adjacent Bunnings Bros Donnelly Mill from 1948-1978. Our Guides will lead us around the heritage listed village, show us the sites and tell us the stories, as they happened to their family and friends and fellow workers.

The Friends of Donnelly Village Inc Museum will also be open at the Old School.
